

BAE Systems honors **RAPID DTM, INC with a 'Partner 2 Win' Silver Tier Award**

RAPID DTM, INC today announced it received a Silver Tier Award from BAE Systems' Partner 2 Win program on Thursday, March 27, 2025. **RAPID DTM, INC** was selected from a pool of suppliers that delivered exceptional performance and contributions to support supply chain success for BAE Systems' Electronic Systems sector in 2024.

BAE Systems' Partner 2 Win program is designed to achieve operational excellence and eliminate inefficiencies in its supply chain by raising the bar of performance expectations to meet the demands of current and future customers. As part of the program, BAE Systems meets regularly with its [suppliers](#) to transfer best practices and ensure the components and materials that compose its products meet the highest quality standards.

"I want to sincerely thank our winning suppliers for their exceptional support and groundbreaking solutions that have set new standards in our industry," said Jennica Dearborn, vice president of Operations, Electronic Systems. "We look forward to our continued collaborations that push the boundaries of what's possible."

Sandy Allard, RAPID DTM's CFO, shared, "For over 20 years, RAPID DTM, INC. has been proud to partner with BAE Systems, delivering high-quality, precision-machined parts on time, every time. Being recognized for our commitment to quality and reliability is an honor, and we remain dedicated to upholding these standards. We look forward to continuing our successful partnership with BAE Systems for years to come."

About BAE Systems

The Electronic Systems sector of BAE Systems is part of a global defense, aerospace, and security company. We deliver products and services for air, land, sea, and space, as well as advanced electronics, intelligence, security, and IT solutions and support services. Our dedication shows in everything we design, produce, and deliver—to protect those who protect us in a high-performance, innovative culture. We push the limits of possibility to provide a critical advantage to our customers where it counts.
